Discovery of Skeleton May Clear Up Mystery

Minerva, May 20.—A mystery of 30 years standing has been partially cleared up by the receipt of letters here regarding the disappearance of Ralph Eckley, a Minerva boy, in Illinois in 1881. According to information received from James A. Lowery, now of Abilene, Tex., young Eckley either was murdered or met accidental death in a spar and lead mine near Roseclair in Hardin county, Ill.

Ralph Eckley was the son of Dr. Alexander Eckley, a well known Minerva physician of that period. In 1880 the son went to Hardin county, Ill., to examine some mining property. He suddenly disappeared and no trace of him was ever discovered.

Dr. Eckley died many years ago and of the family but one of the children, Mrs. Sadie Gailey, of Carrollton survives. Lowery, in his letter, says:

"Last winter a skeleton was found in a mining shaft which had been abandoned for more than 30 years and I have reason to believe that it is the skeleton of the missing Ralph Eckley."

SUNDAY BALL TO BE PLAYED IN THIS CITY

Sunday baseball will have a formal opening in this city tomorrow afternoon at 2:45, when the first team, of this city, will stack up against the Canton Marines—the team playing here today—for a second game. The local boys, the majority of whom are workingmen in the shops, have been looking forward, with much eagerness, for many weeks, for the day when Sunday ball would be permitted by law, and now that the day has arrived, the local nine expect to take advantage of it.

Manager Beck stated Saturday morning that he was unable to book a game with either of two other teams with which he was negotiating for Sunday, and so he made arrangements with the Canton Marines' manager for the Sunday game, also.

NOW HOPE TO RUSH WORK ON NEW JOINT HOSPITAL

Lisbon, May 20.—County Commissioners Kannal, Walker and McCammon left this morning for Canton to attend a meeting of the joint county tuberculosis hospital board. The meeting was called for the purpose of pushing forward as rapidly as possible the construction of the hospital. The Columbiana county commissioners were certain that the meeting would be a harmonious one and that nothing would interfere to cause any more delay.

The main object is to get the actual work of construction started as soon as possible so that persons suffering with tuberculosis in the five counties interested may be placed in the institution for treatment.

Charges Extreme Cruelty.

Canal Dover, May 20.—Mrs. Madaris Barr, in a petition for divorce filed yesterday, says that her husband, Ananias Barr, threw a porcelain cup filled with water at her, striking her in the right eye and totally destroying the sight. They were married in Uhrichsville, April 15, 1909, and if the statements in her petition are true, Mrs. Barr has certainly had her troubles in the two years of her maried life.

AIRSHIP KILLS HAWK.

Fort Smith, Ark., May 20.—One of the oddest incidents in the history of aviation took place at the closing of the meet here yesterday when Jimmy Ward's biplane struck and killed a chicken hawk that was flying in the air about 2,000 feet from the ground.

Torrid Spell Is Yet Unbroken; Rained Nearby

Old Sol's rays continued to blister Salem Saturday and heat records of the past few days were equaled. While Salem people were praying for rain Friday evening, cities and towns at this city's very back door, front door and on all sides were in the midst of a heavy thunder and lightning storm that did some damage but left much relief from the humid atmosphere. Prostrations and in some cases deaths continued to be reported in many cities of Ohio and other states and although Salem people were withered from the effects of the hot sun, no serious prostrations have as yet been reported here. The atmosphere was cooled off for a short time Friday evening, but as no rain fell the hot sun Saturday morning brought as much suffering as before.

RUMOR OF DEATH OF JACOB SCHUMACHER UNFOUNDED

An unfounded report was current in this city Saturday to the effect that Jacob Schumaker, who left this city several weeks ago for his fatherland, Switzerland, had been killed after arriving in the old country. Upon investigation Saturday morning it was learned that someone had confused and elaborated upon more or less, the name of Jacob Shoemaker who died recently at his home in Minerva.

When Salem relatives of Mr. Shumaker were asked as to the authenticity of the rumer, they stated that Mrs. Shumaker, his wife, who is at present visiting with relatives in Patmost, received a letter just a few days ago from her husband, stating that he had arrived safely and was in the best of health.

State officials have ordered fire escapes placed on the men's cottage at the Stark county infirmary.

CHILD'S FOOT CAUGHT BY CAR

SOLE SLICED OFF BUT FOOT MAY BE SAVED.

DID NOT NOTICE THE CAR

Little Foreign Miss, But Four Years of Age, Was Intently Listening to a Hurdy-Gurdy — Narrow Escape From Death.

While listening to the music ground out by a hurdy gurdy on Broadway, near Columbia street, the 4-year-old daughter of Mr. and Mrs. Cracium Cimacio, foreigners residing on Broadway failed to notice the approach of the 6 o'clock Y. & O. R. car Friday evening until too late to avoid being struck.

The child's foot was caught by the car, which was going south down Broadway on its outward trip, and the sole of the foot was sliced off. Although she was hurled to the pavement, the girl was only slightly injured aside from the injury to her foot. She was carried to her home above the Harshman grocery, almost directly opposite the scene of the accident, and Drs. Alex Cruikshank and F. T. Miles were summoned.

Saturday morning the girl's condition was very favorable and though it was at first thought that the foot would have to be amputated, the physicians believe they can save it.

Several persons witnessed the accident and as they saw the child struck, they thought she would be killed. No blame has been attached to those in charge of the interurban car, as the car was stopped as soon as possible after the girl's position was detected.

JUDGE ADDAMS CANNOT PRESIDE AT BANQUET

That Judge Geo. S. Addams, of Cleveland will be unable to preside at the Salem high school alumni banquet Friday evening, June 16, was the word received by the executive committee Friday afternoon, as he will speak at Oberlin on that night. A presiding alumnus is being sought by the committee and it is the hope of those in charge that his name may be announced within a few days.

Judge Addams will attend the National Conference of Charities and Correction in Boston and hurry to Ohio to deliver the commencement address at Oberlin college. In his letter received Friday he expressed regret that his previously arranged engagements prevent his being in Salem for alumni.

BANK BANKRUPTCY CASE PRACTICALLY FINISHED

Leetonia, May 20.—In reply to a communication regarding the affairs of the defunct First National bank of Leetonia the following letter has been received from the treasury department.

"Washington, D. C., May 15, 1911.

"Sir—Your letter of the 12th inst, requesting information in regard to the affairs of the First National bank of Leetonia, is received.

"You are advised that the affairs of the bank have been almost completely wound up. There is a single claim for $29,397 against a bankrupt estate from which there may be further receipts. The bankruptcy proceedings have been delayed by the death of the federal judge. A new judge has now been appointed. In the meantime the receiver, Mr. George C. Rankin, whose address is Kellogg building, Washington, D. C., was instructed on March 31 to prepare a final dividend of 7½ per cent to creditors, and he has not yet sent the checks to the office to be signed. His attention has been called to the matter and he has been requested to send them as soon as possible.

"Respectfully,

"W. J. FOWLER,

"Deputy Comptroller."

Handsome New Cases.

Several handsome new cases were installed at Wolf's on Saturday. The extra space provided will enable them to comply with the board of health's request to protect all food stuffs.

A. W. Jones & Co. erected two new wall cases outside their McKinley avenue entrance.

About 32,000 persons die of old age in England and Wales annually.

BREAK DOWN AT ICE PLANT THREATENS SALEM WITH THREE DAYS ICE FAMINE

People, who are minus a good cool cellar in which perishable food stuffs may be placed for preservation during these hot days, may be compelled to spread their butter with a spoon during the next three days, unless the weather man draws down the mercury during that time, while the Citizen's ice plant repairs its machine and one of the pumps which broke down Saturday morning.

Just at this season, the hottest thus far in the year, misfortune overtook the local ice plant and incapacitated the company so that it will be unable to supply all its regular customers with frozen water. A small amount of ice is on hand at the local ice house but this will be doled out only to those, mostly merchants, who have large amounts of perishable products on hand.

The large machine at the pant and one of the pumps which went down Saturday morning are being repaired as fast as possible, but they will not be ready for work again before Tuesday of next week, it is said. Until that time the ice company will make a special effort to care for the customers in the best possible manner. An effort was made to ship ice in from Alliance, but it was learned that the company in that city was also running low, and the demand on plants in other cities in this vicinity is now very heavy.

ARMSTRONG GUILTY; CHARGE IS MODIFIED

Lisbon, May 20.—After deliberating 17 hours the jury in the case of Ohio vs. George Armstrong agreed on a verdict and presented the same to the court. They found the defendant not guilty of rape, as alleged, but found him guilty of assault and battery. The argument of the case was completed shortly after 5 o'clock last evening and the jury retired at once. All through the night an animated argument was kept up in the jury room and when the agreement was reached at 10 o'clock it was a worn and haggard groupe of men that responded to the inquiry of the clerk as to whether they had reached a verdict. After rendering their verdict they were thanked by the court for their labors. Several of the jurors asked to be excused and the court, after considering the matter, excused five of the panel.

The trial of the case, the third since the young man was indicted, has occupied five days of the court's time and has been bitterly contested. Twice before has this case been submitted to a jury. In the first instance a verdict of guilty was found. Attorneys for the defense discovered new and important evidence and a second trial was had, which resulted in a disagreement.

The alleged crime was said to have been committed in the fall of 1909, while Nellie Burcaw, 16-year-old daughter of Mr. and Mrs. William Burcaw, was employed as a domestic at the home of Bowman Armstrong, father of the defendant, who resides in Elkrun township. The girl told her story to her parents and was hurried to Lisbon and appeared before the grand jury, which was then in session. An indictment was found and Armstrong was arrested. The arrest and trial of Armstrong divided the township into factions and when the case was called for its first hearing the courtroom was packed to suffocation by the frends and neighbors of both parties. Judge Fimple did not pass sentence upon Armstrong and will probably reserve sentence until the defendant's attorneys have had an opportunity to file a motion for a new trial.

H. G. STANLEY OF BELOIT IS GRANTED A DIVORCE

Common pleas court of Mahoning county at Youngstown Friday granted a divorce to Henry G. Stanley, of Beloit, from his wife, Alice L. Stanley. Mr. Stanley, the well known head of the flour mills at Beloit, brought suit for divorce from his wife on the grounds of extereme cruelty. The allegations set up by him caused quiet a sensation in the small village.

Alliance Band Here.

The Alliance Woodman's band was in Salem Saturday morning rendering a free street concert as a means of advertising the opening of the carnival in Sebring Saturday and also the opening of Lake park for the present season under a new management.

Patterson Examination.

Lisbon, May 20.—Fifty applicants for high school entrance took the Patterson examination today in the Lisbon high school building on Market street.

BURGLARS LEFT TRAIL OF CAYENNE PEPPER

Louisville, May 20.—An attempt was made to burglarize the Louisville postoffice early Friday morning. This was frustated by persons moving about in the building over the heads of the burglars.

Nothing was taken, as the thieves were disturbed before they reached the safe in the postoffice. The safe in the Herald office, through which the burglars made their entrance, was unlocked and contained $30, but this was not disturbed.

The office of the Louisville Herald and the postoffice are in the same building, the postoffice being in the front of the building on Main street, while the Herald office and press room occupies the rear part of the ground floor.

The door to the Herald office in the rear of the building had been jimmied and two locks broken. The burglar, or burglars, passed through the press room to the office. A door between the office and the inner part of the postoffice was reached, and an attack had been made upon it before the burglars were frightened off.

Cayenne pepper had been strew over the floor of the Herald press room, presumably to keep blood houds from picking up the trail. The box that had contained the pepper was found on the floor.

EXPERT INSTRUCTION IN AGRICULTURE TO BE GIVEN

Columbus, May 20.—State School Commissioner-Elect Frank W. Miller, of Dayton, has selected three of the four men he will appoint as instructors of agriculture under the Cahill law. One is J. R. Clark, of Springfield, examination clerk in the state school commissioner's office, and the others are Messrs. Ivan, of Lebanon, and Harbourt, of Andover, Ashtabula county. The instructors will travel over the state to promote the cause of agriculture by imparting knowledge in it to the teachers who will instruct the pupils in the subject. The instructors will receive salaries of $2,000.

F. M. C. Grand Ruling.

The bie-ennial session of the grand ruling of Ohio and Kentucky, jurisdiction No. 1, Fraternal Mystic Circle, will be held in Fremont next Wednesday. The sessions will probably consume two days. Charles F. Mellinger, of this city, grand ruler of this grand ruling will preside and C. F. Lease, of this city, the supreme representative, will attend. A. E. Winder, delegate from Buckeye Ruling No. 37, of this city, cannot attend and it is probable that J. P. Morian, the alternate, will represent the local lodge.

Miss Alice Carey Hostess.

Miss Alice Carey, of High street, was hostess to the "500" club of which she is a member, Friday evening. Two tables were used for the games and Thomas Boone made the highest score. Refreshment were served.

As recently as 1837 forgery was punishable by death in England.

NOT A SINGLE HINT OR WORD OF SUSPICION AGAINST COLUMBIANA'S REPRESENTATIVES

Columbus, May 20.— It should be a source of satisfaction and gratification to the people of Columbiana county to know that in the midst of all the charges of bribery and boodle in the general asembly, there has not been a breath of suspicion to reflect upon the standing of Senator Purinton and Representative Davidson. Senator Purinton and Representative Davidson command the respect of the colleagues in the general assembly and in justice to them, it seems no more than right that this fact should be made known to their constituency.

WORKINGMEN TO ASSEMBLE

COUNTY CONVENTION IN LISBON SUNDAY.

ORGANIZATION IS PLAN

Laboring Interests of the County Anxious That Delegate Favorable to Labor May be Sent to the Constitutional Convention.

From 75 to 100 delegates, representing every labor organization in the county, will attend the meeting at Lisbon Sunday afternoon for the purpose of effecting an organization to further the cause of the workingman in the formation of the proposed new state constitution.

Each labor local in the county is entitled to send two delegates to the convention, and from advices received here last night, most of them will take advantage of the opportunity.

The meeting tomorrow is for the purpose of effecting a county organization. Later another meeting will be held, at which time it is more than likely that a capable man will be selected to make the race for delegate from Columbiana county to the state convention for the purpose of formulating the new constitution.

TO ERECT GRANGE HALL ON ONE STORY PLAN

West Point, May 20.—At a meeting of the recently organized grange, of this village, last evening Chairman Joseph Crawford, of the committee appointed to select a building site for a grange hall reported. In this report the committee recommended two plots of ground, one of five lots on Crawford street and the other of five lots on the Lisbon road. The report was accepted but no action taken in regard to either tract of land.

Owing to the fact that the state inspector has ordered that two-story grange halls must be constructed of fire proof material, the proposed building for the new grange here will be a one-story affair but will cover a large tract of ground in order that a meeting room and lodge room may be constructed seperate from each other.

The final vote on the site will be taken on the next meeting night of the grange.

BELIEVE SMALLPOX WAS CONTRACTED IN ALLIANCE

Pittsburg, May 20.—All of the clerks and stenographers in the office of the Ft. Wayne railroad station, Federal street, Northside, were yesterday compelled to undergo the vaccinating operation. City Physician Dr. B. A. Booth, and his entire corps of assistants, were on the job. All told they "scraped" the arms of 50 clerks and 20 stenographers and telephone operators. in the day a report was received at the bureau of health that W. John Wilson, a clerk of 6 Ellzey street, Northside, was suffering from an aggravated attack of small-pox. Dr. Booth personally took charge of the case. He ordered Wilson's removal to the Municipal hospital. The patient was rushed there as rapidly as possible. It was discovered later that his condition was serious.

The victim of the disease is supposed to have contracted it while he was on a visit in Alliance, O.

SULLIVAN TO RESIGN AS HEAD OF MINERS UNION

Columbus, May 20.—D. H. Sullivan, of Coshocton, president of the United Mine Workers of Ohio, will resign as such, to take his new office as secretary and member of the state board of arbitration. He succeeds Joseph Bishop, one of the best known labor men in the country, who has served as secretary of the board for the past 17 years. It is reported that Tom L. Lewis, who was defeated at the recent convention held in Columbus for re-election as international president of the United Mine Workers of America, will try for election to the presidency of the Ohio organization. Martins Ferry is his home.

Roscoe T. Sharer, of Alliance, has accepted an invitation to give the Memorial day address at Massillon.

STOP THE DAMAGE SUITS.

Unquestionably every taxpayer in Salem would like to see an end to the many big damage suits that have from time to time within the past two or three years been filed, prosecuted and won against the city owing to the lack of a sewage disposal plant here. And it is also tolerably certain that these suits will continue until the city abandons the present method of dumping offensive sewage into streams that pass through the lands of private property owners.

Now that the Bense act, under which the city was about to proceed to construct a sewage disposal plant, has been attacked in the courts and rendered of doubtful value, only one course remains open to the city council. But that body should lose no time taking advantage of that opportunity. We refer to the method provided by another law of calling on the voters to approve in a special election a bond issue for the construction of the disposal plant.

We believe the voters, especially those who are taxpayers, will put their o k on the proposition of issuing bonds to build the plant. It will be good business sense to vote for the bond issue, for if the city does not construct the plant within a year damage verdicts amounting to fully the cost of the plant will likely have to be paid anyway—and whether the taxpayers want them paid or not.

The average citizen looks somewhat disinterestedly upon the subject of city expense. The announcement that the city of Salem has been obliged to pay over $1,000 or $2,000 or more in damages to some one who has been damaged does not, possibly, impress the taxpayer as it should. Every dollar paid out in that way, however, means something out of your pocket, Mr. Taxpayer. The property owners and residents along our residence streets who are now protesting because the streets are not cleaned and sprinkled as frequently as they ought to be should realize that it is just because of such things as we have mentioned that the city's service department cannot keep the city clean. Don't blame the officials with everything. Their hands are continually tied by lack of funds. And when a large share of the city's revenue has to be paid out in damage verdicts the lack of funds will continue.

We have always found the Pittsburg Dispatch especially clear and candid when handling any subject editorially that involves questions of law. And we are inclined to agree with its assertions concerning the comments on the recent Standard Oil decision by the supreme court: "The comment pro and con on the Standard Oil decision exhibits the usual disposition to go to extreme lengths, according to the interest or prejudice of the commentator. Both sides give the decision a meaning that is not in its language taken as a whole and both misstate its result."

The Washington Star concludes that of course the baseball club that won every game would become a perfunctory and monotous institutio." Salem fans might bear that in mind in the event that not all games played by the home team this season are won.

This is the day for the opener. The indications are that there will be no stiff muscles owing to low temperature.

Our tariff law, levies a duty of five cents a dozen on hens' eggs while birds' eggs come in free. And yet the U. S. T. department has declared that a hen is a bird. Seems inconsistent.

Do Ghosts Haunt Swamps?

No, Never. It's foolish to fear a fancied evil, when there are real and deadly perils to guard against in swamps and marshes, bayous, and lowlands. These are the malaria germs that cause ague, chills and fever, weakness, aches in the bones and muscles and may induce deadly typhoid. But Electric Bitters destroys and casts out these vicious germs from the blood. "Three bottles drove all the malaria from my system," wrote Wm. Fretwell, of Lucama, N. C., "and I've had fine health ever since." Use this safe, sure remedy only, 50c at Bolger & French's.

Pastor Recovers Health.

Lisbon, May 20.—Rev. Traverse Harrison, pastor of the Christian church who has been spending some weeks in Douglas, Ky., his former home, returned here Thursday evening and will resume his pastoral duties. Rev. Mr. Harrison some time ago was taken ill and his visit home was made for the benefit of his health. He reports that he has completely recovered.

Saved Child From Death.

"After our child had suffered from severe bronchial trouble for a year," wrote G. T. Richardson, of Richardson's Mills, Ala., "we feared it had consumption. It had a bad cough all the time. We tried many remedies without avail, and doctor's medicine seemed as useless. Finally we tried Dr. King's New Discovery and are pleased to say that one bottle effected a complete cure, and our child is again strong and healthy." For coughs, colds, hoarseness, lagrippe, asthma, croup and sore lungs, it's the most infallible remedy that's made. Price 50c and $1.00. Trial bottle free. Guaranteed by Bolger & French.

T. J. Cain, of East Chardon, Geauga-co, for 43 years a resident of Cleveland, is anxious to establish a home for wornout, uncared-for horses. It has been the dream of his life. He is now sixty-seven. BRUSHING OUT vs. RUBBING IN

The nozzle of the typical vacuum cleaner must be pressed down hard against the carpet, thus crushing and breaking the nap and rubbing in part of the dirt.

The Hoover raises the carpet slightly from the floor, thus freeing the dirt. The brush both loosens the dirt by the vibration it causes, and sweeps it out. The suction can then gather all of it.

Fifteen special attachments and connections for cleaning above the floor level.

By the Use of Newbro's Herpicide

A pretty women may enhance her beauty and a plain woman become good looking by the proper care of her hair.

Nice hair, pretty hair, growing on the head it adorns, is one of nature's greatest beautifiers.

The kind of hair which always makes us look the second time, follows the use of Newbro's Herpicide, and is possible for every woman.

Regular applications of Herpicide kill the hair-destroying dandruff germ, keep the hair from coming out and add to it that luxuriance, snap and luster which are essential to hair beauty.

Newbro's Herpicide is the Oriental scalp prophylactic. All other hair remedies claiming to kill the dandruff germ are simply trying to trade upon the reputation of genuine Herpicide.

Applications may be obtained at good barber shops and hair dressers

Send us 10 cents in postage to the Herpicide Co., Dept., R., Detroit, Mich. for sample and booklet. -

ATTEMPTED MURDER TO STOP TESTIMONY

Massillon, May 20.—An unsuccessful attempt to murder John McGuire, 35 years old, to prevent him from furnishing testimony in "speak-easy" cases was made in Brewster, last night. McGuire in passing a dark lonely spot under a railroad bridge, was attacked by two men who held him and slashed his bodies with knives. The fact that the knife points struck McGuire's ribs each time saved his life. He finally escaped and returned to the business section of the town, sank, weak from loss of blood, before a store.

PUTS BAN ON BASEBALL POOLS IN CERAMIC CITY.

East Liverpool, May 20.—All baseball pools here, if any there be, must stop. Following the action of Steubenville and other cities in declaring a crusade against the sale of baseball pools, which were held as nothing more or less than a regular gambling game, Chief of Police Wyman declared today that if any baseball pools were sold in East Liverpool they would be prohibited immediately or the alleged offenders arrested.

With the headquarters of the organization in a different state a gigantic baseball pool is being operated in several cities throughout the country, of which number East Liverpool is said to be one. The winnings are comparatively large when one is fortunate enough to secure a lucky combination while the paying fee is small.

PORCELAIN MEN FRAME UNIFORM PRICE LIST.

East Liverpool, May 20.—An uniform price list for practically every porcelain industry in the country was the decision reached yesterday afternoon at a meeting of porcelain manufacturers in the Thompson house, Broadway and Third streets. Manufacturers from the eastern section of the county as well as East Liverpool were present at the meeting.

This is the first time in several years that an uniform porcelain price list has been agreed upon. In fact, only once before was such an agreement reached, this occurring two years ago, and in which only a portion of the manufacturers concurred.

Spiritualists Incorporate.

Alliance, May 20.—The First Spiritual church of Alliance, has been incorporated under the laws of Ohio, the papers of incorporation being received by the society on Thursday.

The officers of this church society are R. Lea Garland, president; S. M. Schofield, vice president; Berta A. Schofield, secretary; Minnie M. Garland, treasurer; Emma Montieth, Olive A. Thompson and Edwin McGowan, trustees. These officers, together with Ralph Urmson, constitute the incorporators of the society.

Now is the time to get rid of your rheumatism. You will find Chamberlain's Liniment wonderfully effective. One application will convince you of its merits. Try it. For sale by Bolger & French.

Cure for Pneumonia.

This remedy has been known to cure pneumonia after the patient had been given up to die. Apply sweet oil to the chest, then cover thickly with powdered lobelia, after which cover with several thicknesses of warmed flannel.

J. M. Howell, a popular druggist of Greensburg, Ky., says, "We use Chamberlain's Cough Remedy in our own household and know it to is excellent." For sale by Bolger & French.

Is there anything in all this world that is of more importance to you than good digestion? Food must be eaten to sustain life and must be digested and converted into blood. When the digestion fails the whole body suffers. Chamberlain's Tablets are a rational and reliable cure for indigestion. They increase the flow of bile, purify the blood, strengthen the stomach, and tone up the whole digestive apparatus to a natural and healthy action. For sale by Bolger & French.

Accepts New Position.

East Palestine, May 20.—Miss Olive Harding has accepted a position in the office of the W. S. George pottery beginning her new duties this morning. Since completing her work at the Salem Business college she has held the position of bookkeeper and stenographer in the department store of H. H. Smith Sons at Columbiana.

For soreness of the muscles whether induced by violent exercises or injury, Chamberlain's Liniment is excellent. This liniment is also highly esteemed for the relief it affords in cases of rheumatism. Sold by Bolger & French.

Talked of War Experiences.

John F. Tescher, one of the Civil war veterans of the city, gave a very instructive as well as interesting talk to the members of the senior history class of the local high school Friday afternoon. Mr. Tescher told of his experiences in the Civil war and of the many terrible hardships which the soldiers had to endure during the blue and the gray conflict. Mr. Tescher has volunteered to relate these interesting facts of the late war to the members of this class and other classes in previous years and they have proven to be very instructive to students while studying the history of the war.

"I am glad to write my endorsement of the great remedy, Peruna. I do so most heartily."—Julia Marlowe.

Jade and Amber

How behind the times we are, just rubbing our eyes open to the loveliness of jade, while our slant eyed brother of the east has loved it for thousands of years! Interwined with his great love of it is the unshakable belief in its potency to bring uninterrupted good health and good luck to its wearer—nay, more than this, that it is a talisman against which the shafts of ill will are splintered to bits. Jade is indeed to him the most precious of all stones and for ages has he wrought it into most exquisite and delicate shapes both in ornamental jewelry and lovely pieces of bric-a-brac.

In looking over the display of jade in the Metropolitan Art museum one is impressed with the waxen appearance of the polished jade.

An infallible home test for jade may be made by placing upon one cheek the stone in question and upon the other something in glass. If the doubtful stone is the sacred stone of the east its touch will sting like ice and even for quite a time after removal, but if it is merely glass the two cheeks will have the same mild shock of cold, warming up very quickly. The results of the amber test, however, are the reverse, amber being warm upon the cheek, and the glass imitation cold. Amber, too, when under friction, will act like a magnet, gathering up bits of tissue paper, and even to the teeth it has a different feel from glass, more like a very hard wax.

The Seal's Marvelous Instinct.

The instinct of the seal is marvelous It will leave its young on the ice in the morning and, going down through a hole, remain away all day swimming in search of food. Returning in the evening, it will locate its offspring in the same "patch" among hundreds of thousands of other baby seals notwithstanding that the ice may have wheeled or drifted fifty or sixty miles during the day from wind and tide and notwithstanding that the patch may extend thirty or forty miles from one end to the other. Whether this instinct is of the class that enables the bird without any mark or chart in a forest with millions of trees alike to find its way back with ease and precision to its nest I do not know, but it is one of those wonders in nature before which human knowledge is brought to a full stop.—Sir Edward Morris in Wide World Magazine.

The Jekyll and Hyde Idea.

"I was in Stevenson's company," says Charles Brookfield in "Random Reminiscences," "at the moment that he conceived the germ of the idea of 'Dr Jekyll and Mr. Hyde.' He was inveighing against a man with whom he had done business and with whom he was dissatisfied. The man's name was Samuel Creggan, or something like it 'He's a man who trades on the Samuel,' Stevenson declared. 'He receives you with Samuel's smile on his face with the gesture of Samuel he invites you into a chair, with Samuel's eyes cast down in self depreciation he tells you how well satisfied his clients have always been with his dealings, but every now and again you catch a glimpse of the Creggan peeping out like a white ferret. Creggan's the real man; Samuel's only superficial.'"

Strictly Business.

"To whom do you wish to make your benefit certificate payable?" asked the officer of the fraternal order.

"To my sweetheart," said the candidate for initiation.

"According to the laws of our order you'll have to marry her first."

"Say, hold up this initiation about 15 minutes and I'll go and attend to that"—Spokane Spokesman-Review.

The Al G. Field Greater Minstrels.

From Portland, Me., to Portland Ore. —from Winnipeg to New Orleans—the name of Al G. Field's Greater Minstrels has become a household word. In the long line of American minstrel managers Al G. Field occupies a position distinctively alone. A quarter of a century ago Mr. Field organized his first minstrel company and he has given to this organization all the best efforts of his life. During this long period of time other minstrel organizations have appeared; some have glowed radiant for awhile, others have flickered but dimly; but all have now disappeared with the one exception of the Al G. Field show, and there is no amusement organization in America to which the expression "Like good wine it improves with age" could be more fittingly attached.

FARMERS ARE WARNED TO OBEY THE TRESPASS LAW.

Before the Lycoming County Grange, held in Montgomery, Pa., E. L. McNett, past master of Carpenter Grange, read a paper entitled "Railroad Trespassing." In it he called attention to the large loss of life in this foolish habit, and pointed out that railroads are private property and posted, and there is no more warrant for "breaking the close," as the lawyers say, than in trespassing on farm lands, which farmers have so generally posted. And yet the death toll from railroad trespassing, which is double that of tuberculosis, the Pennsylvania system alone requiring one victim every "eight hours the year around," is mostly made up of people from the farm who are making "short cuts." He calls on farmers to protect their own lives and be law-abiding.

"The death roll is largely of farmers and members of their families,' said the speaker. "It is a remarkable fact that nine-tenths of the people will walk on the railroad in preference to the public road, although there is not the slightest necessity of their so doing. The railroads are private property and posted, and in every case when we walk on them we are violating the very laws we ourselves have caused to be enacted. Should we not as grangers, not only for our own safety, but to show our respect for the law, at once cease this dangerous practice, and by precept and example do what we can to discourage it in others? Every death from this cause is preventable, and in scarcely a single case is there any good reason for taking the risk. If this practice can be broken up, we will save double the number of precious lives that is being saved by the war on tuberculosis. Let us make the effort, and we at least will have the satisfaction of knowing we have saved our own lives and remained law-abiding citizens."

Nitro-Glycerin Lets Go.

Caldwell, May 20.—A magazine containing 600 quarts of nitro-glycerin, midway between Dexter City and Macksburg, in the southern part of Noble county, exploded without any known cause yesterday afternoon with terrific force, demolishing the glass on the nearby farm residences and in the village of Macksburg but no human being was either killed or injured. West Kirby, who had charge of the magazine, owned by Speary & Co., of Marietta, escaped the explosion by only a few minutes. A hole 15 feet deep and 40 feet in diameter was blown in the ground.

SALEM NEWS, 10c A WEEK.

Why the "Show Me" State?

What is the origin of the saying: "I'm from Missouri, you'll have to show me?" The Boston Globe says its earliest mention is found at the time of the great march across the plains to California in 1849 and 1850, many of the Argonauts procuring their outfits at St. Joe. It was a matter of comment that the Missourians engaged as teamsters disbelieved the stories of the gold found in California and returned light to their starting point to get another chance to earn teamsters' wages. Later the same spirit of doubt was expressed in the phrase, "I'm from Missouri, show me," and, being brief, it caught the popular favor and remains in frequent use. Like most of such sayings, it is impossible to trace the exact origin of the expression, for such rise in a day and are spread broadcast, their origin never being inquired into until they have become well known.

DEATHS AND FUNERALS

Miss Maary Rittenhouse.

The funeral of Miss Mary Rittenhouse, of Norristown, Pa., will be held at the home of her brother, Harry Rittenhouse, 60 Hawley avenue, Monday at 2:30 in charge of Rev. W. L. Swan. Interment at Hope cemetery.

Weak on Information.

"Robert," said Uncle Henry, who was visiting his city nephew, "who's that man in the house on the other side of the street? He stands in front of his window and shaves himself every morning. He's done it now for three days running."

"And he's probably done it for the last ten years, for all I know uncle," replied Robert, in a tone that lacked interest.

"Has he lived there all that time?"

"Yes; and longer than that, I suppose. He was there when I came here ten years ago."

"Who is he?"

"I don't know."

"What does he do?"

"I haven't the slightest idea, uncle."

Whereupon Uncle Henry put on his hat and went out. In about fifteen minutes he was back in the house again.

"Robert," he said, "that chap's name is Findlater. He runs an insurance office on Benton street. He's worth probably $26,000, owns that house, belongs to the Methodist church, has three boys, one girl, is a widower, 51 years old, a member of the Masonic order and has a farm on Long Island, and is engaged to his stenographer. I believe living in the city has made you stupid about getting information."—Youth's Companion.

MONSTER STREET PARADE

The Hagenbeck-Wallace Display of Horses, Animals and Cages is Beautiful.

The movement which was attempted a few years ago to eliminate the parade feature of circus day has signally failed, and the Hagenbeck-Wallace combined shows were instrumental in retaining that part of the circus which is enjoyed by thousands who are not able to attend the performances. When this enterprise visits this city Thurday, May 25, the populace will turn out en masse, for they have the reputation of making a street parade well worth taking time to see.

While only a small percentage of the people can own automobiles and appreciate them, every man, woman and child admires a beautiful horse. For years the name of Wallace has been synonomous for "fine horses," because he himself has always personally taken a pride in horse flesh.

The Carl Hagenbeck trained animal shows have always been credited with having the best trained wild beasts ever exhibited, and since these two shows have combined the display of the wild animals in the open cages adds an unusual feature to a parade that had already gained a national reputation because of its brilliancy and novelty.

According to the daily schedule it is the plan to have the parade on the streets at 10 o'clock, and this is generally done.

LA FOLLETTE WANTS LORIMER QUIZ SOON.

Washington, May 20.—Senator La Follette gave notice to the senate that on Monday he would call up his resolution providing for a special committee to investigate charges growing out of the election of Senator Lorimer, of Illinois.

La Follette expects to press his demand for a rehearing on new evidence which he declared, had been divulged before a committee of the Illinois legislature.

Search for Missing Boy.

Deerfield, May 20.—The police of neighboring cities have been asked to make a search for John Girard, 19, of Deerfield, who disappeared from his home Sunday afternoon, and has not been seen since. Mystery surrounds the absence of the boy, as he was only a few days before his departure heard to state that he would stay with his father, who is an old man, and that he was satisfied with his home.

ABOUT HAIR

Some Proof That Really Proves—Ask Bolger & French.

Grows hair, or money back, ask Bolger & French.

"Parisian Sage is fine. There is nothing like it for removing dandruff, and it leaves the scalp so clean. It also stops that itching of the head."—Ethel L. Schuyler, R. F. D. No. 1, Belmont, N. Y., 1910.

Stops falling hair or money back.

"I consider Parisian Sage one of the best hair tonics and beautifiers, dandruff cures and cleaner, that I have ever used."—Mrs. Catherine W. Johnson, Sheridan, Ind., 1910.

Stops itching scalp, or money back.

"I am pleased to say that Parisian Sage as a hair grower and beautifier, and as a dandruff cure and scalp cleaner is fine."—Mrs. N. T. Clift, 210 N. Penn Ave., Greenfield, Ind., 1910.

Parisian Sage is the most refined and refreshing hair dressing in the world. It is not sticky or greasy, and the price is only 50 cents a large bottle at Bolger & French's and druggists everywhere. The girl with the Auburn hair is on every package.

BIG TRACTION AND LIGHT CO. IS SOLD

New York, May 20.—The controlling interest in the Mahoning and Shenango Rialway and Light company, operating the traction and light companies of the Mahoning and Shenango valleys in Ohio and Pennsylvania, including the street railway lines in Warren, Youngstown, Niles, New Castle, Sharon, South Sharon and other places in the territory referred to, has been bought by Harrison Williams, a Wall street broker, representing the General Electric company. The majority stock owned by Myron T. Herrick and James Parmelee, of Cleveland, and a few others has been secured by the new owners. The General Electric company is one of the largest corporations in the country. It is said that the lines will be improved and extended. The consideration paid for the stock has not been made public.

Matching the Eyes

The touch of velvet near the face, matching the color of the eyes, has long been popular with the women who study their own good points, and this has been easy to manage in these days of quaint little bows and pipings.

Of late, however, the women of the smart set have taken to wearing flowers which carry out the color, too.

There are pansies that are for the brown-eyed girl, forget-me-nots for blue eyes, and orchids for the maid with hazel eyes.

The girl with grey eyes is the only one who has any trouble, for all she can find to match her eyes is the humble dusty miller leaf.

Sometimes she fancies her eyes, however, are "grey-blue," or "green-grey," so she varies her color scheme with orchids, mignonette, or a dull blue blossom. If she is quite convinced that her eyes are really "matchless" she contents herself with the feeling of superiority arising therefrom, and lets the jewels of her face sparkle unrivaled or wears the modest violet, which would never presume to resemble the eyes above them.

When natural blooms are not procurable the woman with an eye for flowers buys artificial ones of the required tint.

Parisian ingenuity has gone one step further in this art, and provides for its leaders of fashion real flowers dyed with chemical dyes in any desired coler or shade.

Hardy flowers, such as camelias, carnations, and all varieties whose stems are good absorbers are placed in the liquid and allowed to stay there until exactly the right amount of color has been absorbed.

WORLD WIDE NEWS

RAILROADS CAN CHARGE HIGHER FARE FOR YEAR

Washington, D. C., May 20.—Railways operating in Central Passenger association territory — including the states of Ohio, Indiana, Illinois and Michigan—are permitted by an order issued yesterday by the Inter-State commerce commission, to exact higher passegner fares for inter-state than for intra-state business where state legislatures or state commissions have established a two cent a mile rate.

The carriers in such instances are forced by state railroad commissions or by state legislatures to apply on all intra-state passenger business a maximum fare of two cents a mile. This would result, through the application of the long and short haul provision of the law, in a maximum rate of two cents a mile throughout the territory.

In the hearing before the commission the railways declared their intention to test before the courts the validity of the two cent a mile restriction in fares on intra-state business. At present there is no distinction between inter-state and intra-state passenger business.

The commission expressed the opinion "that the present condition of charging one rate per mile for intra-state traffic and a higher rate per mile for inter-state, when the service performed is the same in both cases, is indefensible. Intra-state and inter-state passengers are carried on the same train, in the same cars, and are accorded equal privileges. It seems clear that eventually there muust be established an actual distinction between the two services or a correction of the two scales of fare to an equality.'

In the territory indicated, Intra-state fares are on a two-cent basis, while inter-state fares are made on a scale of 2½ cents a mile. The commission says that no proof was offered of the insufficiency of the 2 cent rate to yield a fair return to the carriers, but the carriers had asked for time in which to prepare the necessary data. The commission permits the carriers, therefore, to exact the higher rate until May 1, 1912. The commission denies the request of the carriers to adjust their charges in multiples of five, in order to avoid the use of odd pennies in change.

TO HANG JUNE 22 BUT HE DOESN'T KNOW IT

Beaver, Pa. May 20.—Though Governor Tener has fixed June 22 as the date for his execution, Charles Hickman, former East Liverpool man now in jail here folowing his conviction for murder, does not know that he is to hang on that day.

The death warrant has not yet arrived. Sheriff Hartzell contends that official notification of the coming execution will be only had by the receipt of that document and refrained, it is said from telling Hickman the situation.

The latter is still under a special guard and is being closely watched for any possible attempt at escape. He appears in good humor and is taking his confinement sooly.

In the meantime his attorneys are said to be working hard to discover some means for saving his life.

Five Deaths Due to Heat.

Philadelphia, May 20.—Yesterday was not only the hottest day here this year, but was also the hottest May 19 in the history of the local weather bureau. The maximum temperature was 91 degrees, one degree hotter than May 11 and also one degree hotter than May 19, 1893, which heretofore held the record for this day and month. Five deaths and many prostrations were reported as due to excessive heat.

Damaging Storm in Pittsburg.

Pittsburg, May 20.—Lightning wind and thunderstorms, fires, wrecked houses and trees, shattered heat records, prostrations and deaths, all of which were more or less connected, made yesterday's climatic story one of the most varied and serious recorded in Pittsburg in many seasons. The heat was the most intense of the season, but slightly cooler weather is promised today.

In and near Pittsburg there were reported four deaths resulting directly or indirectly from the sweltering heat, and five prostrations.

U.S. BRINGS BIG SUIT AGAINST LUMBER TRUST

New York, May 20.—In the first federal anti-trust proceedings brought under the Sherman law as interpreted by the Standard Oil decision, the department of justice filed suit in the United States court here yesterday against various constituent organizations of what is popularly known as the "lumber trust," alleging the existing of a widespread conspiracy, "unreasonably" to restrain the lumber trade in this country.

It is said that the suit may be the first of a series planned by Attorney General Wickersham, looking to the breaking up of alleged combinations against the retailers of many of the commodities of life to maintain high prices; to force all ultimate consumers to buy from retailers and to blacklist wholesalers who sell to others than members of the retail organizations in the various states and cities.

Ten trade organizations and more than 150 individuals are named as defendants in yesterday's suit. It alleges violation of the Sherman anti-trust law and seeks a permanent injunction restraining the defendants from continuing the conspiracy charged.

The elaborate system of blacklisting attributed to the alleged conspirators, copies of circulars sent out by the various organizations classifying consumers as "proper" and "improper" trade, extracts from reports threatening "short shrift" to dealers daring to violate the rules of the organizations and branding such offenders as "poachers," "scalpers" "mavericks" and "illigitimates" are fully set forth in the government's petition.

It is alleged that not only have private consumers been blacklisted, but that many of the great industrial concerns of the country have been put under the ban by the lumber dealers. The government's bill aggregating 20,000 words is replete with sensational allegations and interesting exhibits.

UNIQUE PARADE PLANNED BY S. S. WORKERS OF OHIO.

Dayton, May 20.—A parade, which in length and spectacularity will be the most unique Ohio has ever seen, will be witnessed on the evening of Wednesday, June 7, at Dayton, on the occasion of the fifty-second annual convention of the Ohio Sunday School association. Fifteen thousand men, carrying American flags and wearing the large round red and white button insignia of the Adult Men's Bible class movement, will be in line and at a given signal fully 15,000 voices will burst into a chorus of "Onward Christian Soldiers."

In the Wake of the Measles.

The little son of Mrs. O. B. Palmer, Little Rock, Ark., had the measles. The result was a severe cough which grew worse and he could not sleep. She says: "One bottle of Foley's Honey and Tar Compound completely cured him and he has never been bothered since." Croup, whooping cough, measles cough all yield to Foley's Honey and Tar Compound. The genuine is in the yellow package always. Refuse substitutes. Bolger & French.

Individual Towels.

By a system inaugurated recently every office employe at the National Tube company, in Lorain, is to be given an individual towel for his own use. Heretofore the occupants of each office were given towels to be used by all members of each office force.

It is understood that a plan is under advisement for the installation of shower baths for the shop employes. Accordng to an official statement such a plan is being considered, but no decision has been reached as yet.

Paris' Funny Balloons.

One of the most joyous, comical and at the same time most democratic of revels is the way that gay Paris is always in bright weather sending up funny gas balloons—anchored, of course. In no way, not even in fashions, is the ingenious, fantastic, fun-loving spirit of Paris shown more than in these inflatable, deflatable rubber balloons. Most of them are ridiculous beyond description, enough to make the dogs and horses laugh. But some are entrancing miracles of beauty, great gilded archangels, the apotheosis of a prophet or a Margaret, or maybe a Parisian Cleo in the shape of our Diana of the Tower, floating white and gold against the blue robin-egg sky of sunny France. This is one of the cheap, countless gaities that every year draw millions from our seemingly sad, elderly, sober-sided, sly, foxy, 'old folks at home" citizens who rush across to Paris. They want to see the balloonettes of Paris—and a few other "ettes."—New York Press.

Physiological Ignorance.

Ex-President Eliot of Harvard, apropos of his demand for a franker study of physiology in the public schools, said at a dinner in Boston:

"The average child's idea of his body reminds me of a little boy named Jonas.

"Jonas was asked to define the two words 'optimist' and 'pessimist.' He said readily:

" 'An optomist is a man who attends to your eyes. A pessimist is a man who attends to your feet." '

FREE TO YOU—MY SISTER

Free to You and Every Sister Suffering From Womau's Ailments.

I am a woman.
I know woman's sufferings.
I have found the cure.
I will mail, free of any charge, my home treatment with full instructions to any sufferer from women's ailments. I want to tell all women about this cure — you, my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand women's sufferings. What we women know from experience, we know better than any doctor. I know that my home treatment is a safe and sure cure for Leucorrhoea or Whitish discharges, Ulceration, Displacement or Falling of the Womb, Profuse, Scanty or Painful Periods, Uterine or Ovarian Tumors or Growths; also pains in the head, back and bowels, bearing down feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, weariness, kidney and bladder troubles where caused by weaknesses peculiar to our sex.
I want to send you a complete ten days' treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that it will cost you nothing to give the treatment a complete trial; and if you should wish to continue, it will cost you only about 12 cents a week, or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer if you wish, and I will send you the treatment for your case, entirely free, in plain wrapper, by return mail. I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to think for herself. Then when the doctor says—"You must have an operation," you can decide for yourself. Thousands of women have cured themselves with my home remedy. It cures all, old or young. To Mothers of Daughters, I will explain a simple home treatment which speedily and effectually cures Leucorrhoea, Green Sickness and Painful or Irregular Menstruation in Young Ladies. Plumpness and health always result from its use.
Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this Home Treatment really cures all women's diseases, and makes women well, strong, plump and robust. Just send me your address, and the free ten days' treatment is yours, also the book. Write today, as you may not see this offer again. Address

Storm Damages Church.

Youngstown, May 20.—At the tail end of one of the fiercest storms that has been experienced here in some time, lightning struck a pinnacle on St. Columbus church yesterday afternoon and sent a ton or more of stone crashing to the sidewalk 120 feet below, in front of the church door. Some 50 children were inside. The panic which ensued was quickly quelled.

Watch Your Kidneys.

Their action controls your health. Read what Foley Kidney Pills have done for your neighbor. Mr. George Herbert, 36 Wickman St., Youngstown, O., says: "Foley Kidney Pills cured me of a bad case of kidney trouble, with which I had been afflicted for some time. They regulated the action of my kidneys and restored them to a healthy condition. I do not hesitate to recommend Foley Kidney Pills as I know they are a good kidney medicine."

Foley Kidney Pills are a true medicine. They are healing, strengthening, antiseptic and tonic. They act quickly. Bolger & French.

Despair and Despondency

No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are distinctly feminine. The tortures so bravely endured completely upset the nerves if long continued.

Dr. Pierce's Favorite Prescription is a positive cure for weakness and disease of the feminine organism.

IT MAKES WEAK WOMEN STRONG,
SICK WOMEN WELL.

It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It fits for wifehood and motherhood. Honest medicine dealers sell it, and have nothing to urge upon you as "just as good." It is non-secret, non-alcoholic and has a record of forty years of cures. Ask Your Neighbors. They probably know of some of its many cures.

If you want a book that tells all about woman's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing *only*, and he will send you a *free* copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to date edition, in paper covers. In handsome cloth-binding, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N.Y.

NEWS IN CONGRESS.

MORE HEARINGS ON RECIPROCITY

Washington, May 20.—After the adjournment of the finance committee last evening Chairman Penrose said that the reciprocity hearings would probably be completed and the bill reported from committee at the end of next week. The hearings have gone on much longer than had been anticipated. One reason is that individual senators have indulged in much cross-examination of persons who came to make statements and present views. No one has been permitted to indulge in mere generalization. Each has been compelled to prove every statement or confess ignorance. Men who came here under the impression that they could make a speech and retire were quickly undeceived. They found the 15 members of the committee hungry and thirsty for facts. As a consequence, persons who came prepared to make an address of 15 minutes or half an hour's duration were held for half a day and in a few cases longer. These were the ones who had their heads full of information. The committee at 6 o'clock last evening adjourned until Monday.

Senator Penrose said that while he had not had time to consult the other members of the committee he was of the opinion that the bill would be reported as at the last session, without either favorable or adverse recommendation. He is also of the opinion that it will be reported without amendment of any kind, in accordance with the wish of President Taft.

Woman's Happiness

The highest point of woman's happiness is reached only through motherhood, in the clasping of her child within her arms. Yet the mother-to-be is often fearful of nature's ordeal and shrinks from the suffering incident to its consummation. But for nature's ills and discomforts nature provides remedies, and in Mother's Friend is to be found a medicine of great value to every expectant mother. It is an oily emulsion for external application, composed of ingredients which act with beneficial and soothing effect on those portions of the system involved. It is intended to prepare the system for the crisis, and thus relieve, in great part, the suffering through which the mother usually passes. The regular use of Mother's Friend will repay any mother in the comfort it affords before, and the helpful restoration to health and strength it brings about after baby comes. Mother's Friend is for sale at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

For Hair and Scalp

To prevent dry, thin and falling hair, remove dandruff, allay itching and irritation, and promote the growth and beauty of the hair, frequent shampoos with Cuticura Soap, assisted by occasional dressings with Cuticura Ointment, are usually effective when other methods fail. In preserving, purifying and beautifying the skin, in preventing minor eruptions from becoming chronic, and in the treatment of torturing, disfiguring humors, rashes, itchings and inflammations, from infancy to age, these pure, sweet and gentle emollients have no rivals.

AT OHIO'S CAPITAL

LEGISLATORS TRIALS WILL BEGIN TUESDAY

Columbus, May 20.—County Prosecutor Turner has assigned for trial next week, before Judge Kinkead, the case of three legislators indicted for bribery and that of Rodney J. Diegel, senate sergeant-at-arms, who was jointly indicted with Senator L. R. Andrews in connection with the fire insurance bill.

Tuesday and Wednesday are set aside for the trial of Representative George B. Nye, of Pike county. He will be tried on the indictment charging him with soliciting a bribe of $500 April 18 from State Printer E. A. Crawford to further the passage of the judicial district gerrymandering bill.

Thursday Andrews will be tried on an indictment charging him with soliciting a bribe of $200, April 28, from F. S. Harrison to further the passage of the mutual fire insurance bill. Diegel will be jointly tried on a charge of aiding and abetting Andrews.

Representative Owen J. Evans, of Stark county, will be tried Friday on an indictment charging him with soliciting a bribe of $650 February 14, from John F. Weiss, secretary of the Stark-Tuscarawas Brewing company, Canton, to further the passage of the Dean bill.

Evans appeared in court alone Thursday afternoon, waived reading of the indictment against him and entered his not guilty plea. He was preceded by Representative Lowry of Lawrence who pleaded not guilty to the second indictment

Senator Crawford, of Carroll county, indicted for soliciting a $200 bribe from William H. Cook, of the Ohio Grocers' association, was arraigned today and entered a plea of not guilty.

The senate probe committee, better known as the senate whitewash committee, at a secret meeting today decided to commence the probe into the senate bribery charges next Tuesday morning at 10 o'clock.

This announcement with the additional statement that the meetings were to be open to all was the only information given out. Chairman Todd said that the committee had decided on a list of witnesses but declined to give out the names.

NO WORD FROM BROWN; HIS CANFIELD STORE IS SOLD.

Canfield, May 20. — Nothing has been heard of R. A. Brown, the missing Canfield shoe dealer, since he banked two checks at Bellaire two weeks ago. It is now pretty certain that he will not return to this locality and there is little likelihood of search being made for him.

This week through decree of the United States court in Cleveland J. R. Taber purchased at private sale the R. A. Brown stock of shoes for three-fourths of the appraised value. Mr. Taber's mortgage on the stock he sold to Mr. Brown was held to be valid. This gives Mr. Taber complete ownership of the stock and he has reopened the store, expecting to make the business a permanent one. In view of the fact that the court decreed Mr. Taber to be the owner of his former stock and that the Brown stock brought only three-fourths of its appraised value, it would appear that after the costs of the legal entanglement are paid there will be a very small surplus left to divide

SUES TO STOP TURNING OF GAS INTO RIVAL PIPE LINE.

Lisbon, May 20.—Alleging that The Glenn Oil and Gas company, of Middleton township, has violated an agreement with it, the Middleton Pipe Line company has filed a petition asking for a temporary restraining order to prevent the defendant from turning the gas from two wells on the Guy and Burling farms into a rival pipe line.

The plaintiffs stated that the Middletown pipe line was built on agreement between seven oil and gas companys operating in that field, and the purpose was to pipe the gas to East Liverpool.

They allege that the agreement was signed by the defendant. They have reason to believe that the defendant will not complete this afreement, and ask that the temporary order be issued until the hearing of the case, when they ask that ih be made permanent.

LISBON BOY TO BE SENT TO HOME FOR FEEBLE MINDED.

Lisbon, May 20.—Charles Tinney, aged nine, of this city, who was adjudged to be an imbecile about two months ago, and who has been left to remain in his father's home until a place could be made for him at the home for feeble minded children at Columbus, will be taken to that institution at once. Word was received yesterday from the superintendent of the home that a place had been secured for him.

The Tinney boy has caused much annoyance on account of his habit of using profane language on crowded street corners and other public places. It is thought that, with proper care, he can be cured.

BAN IS PLACED ON SUNDAY DRINKS AT MEYER'S LAKE

Canton, May 20.—For the first time in several years the Sunday lid will be clamped on Myer's lake. Sheriff Oberlin has decreed that the three saloons adoining the lake grounds must remain closed on Sundays just as the law requires.

In addition, the sheriff also has issued an edict that no gambling will be tolerated either on the lake grounds or in the parks adjoining the saloons.

Heat Fatal to Mill Worker.

East Liverpool, May 20.—The high tempertature yesterday brought with it the first fatality of the presen siege for hot weather. Death came to Peter Fitzgerald, aged 55, and colored, last evening at 5:30, as he was walking along the Horn switch near the West End ball park, enroute home from the Golding & Son flint mill, after a hard day's labor.

Heart disease, occasioned by the extreme heat, was the direct cause.

Do You Have the Right Kind of Help?

Foley Kidney Pills furnish you the right kind of help to neutraalize and remove the poisons that cause backache, headache, nervousness, and other kidney and bladder ailments." Bolger & French.

Lightning Struck; House Burned.

Alliance, May 20.—The home of Melvin Zellers, one mile south of New Baltimore, was struck by lightning at 2 o'clock Friday afternoon and burned to the ground. The neighbors huried to the assistance of Mr. Zellers and famil yand most of the furniture was saved. The house belonging to David Wilhelm. There was some insurance.

Foley's Kidney Remedy Acted Quickly

M. N. George, Irondale, Ala., was bothered with kidney trouble for many years. "I was persuaded to try Foley Kidney Remedy, and before taking it three days I could feel its beneficial effects. The pain left my back, my kidney action cleared up, and I am so much better. I do not hestitate to recommend Foley Kidney Remedy." Bolger & French.

WHEN HER BACK ACHES

A Woman Finds All Her Energy and Ambition Slipping Away.

Salem women know how the aches and pains that come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof if it in a Salem woman's words:

Mrs. Zophy Edwards, 41 W. Main St., corner Depot St., Salem, O., says: "I have taken Doan's Kidney Pills off and on for ten years and my experience has been so satisfactory that I feel justified in recommending them highly. I was subject to attacks of backache, so severe at times that I could scarcely stoop. I also had dizzy spells and headaches and the kidney secretions were irregular in passage. Since learning of Doan's Kidney Pills, I have taken them whenever an attack of this kind has appeared, procuring my supply from Bolger & French's Drug Store, and it has never required more than a few doses to relieve me. I am glad to give Doan's Kidney Pills the praise they deserve."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Mrs. Emma J. Hollingsworth of the Ohio State library at Columbus, is the editor and compiler of a volume of 165 pages, entitled a "Capitol Guide Catalogue," which is a valuable compendium of information on Ohio governors, statesmen and men who have served both the state and the nation in a prominent way.

Foley Kidney Pills take hold of your system and help you to rid yourself of your dragging backache, dull headache, nervousness, impaired eyesight, and of all the ills resulting from the impaired action of your kidneys and bladder. Remember it is Foley Kidney Pills that do this. Bolger & French.

Computing from the fact that over five hundred million milady size cigarets were consumed last year, one of the biggest cigaret manufacturers in the world declared today that there are nearly two million women smokers in this country. The habit is steadily and rapidly increasing.

Sick headache results from a disordered condition of the stomach, and be cured by the use of Chamberlain's Stomach and Liver Tablets. Try it. For sale by Bolger & French.

Umbrellas With Windows.

London Globe.

An umbrella with windows is the latest novelty in Paris, and we are told that it comes from London. The reason for the innovation is, we learn, the difficulty of getting about on account of the dangers caused by traffic, especially in wet weather. Although the umbrella seems a novelty it is not exactly new. The manufacturers give a little history of the invention. It seems that the first parapule a fenetres made its appearance in London half a century ago. A Russian noble, Prince Poutiatine was walking one day in London with his tutor. It was raining, and amad dog rushed at them. Owing to the umbrella they did not notice the animal's approach. The tutor was terribly bitten, and a little time afterward he died in great agony. The Prince was so impressed with the danger of the ordinary umbrella that he invented the parapule a fenetres. Of what the "windows" consisted we are left in doubt, but the faithful chronicler tells us that the Prince always carried his safety umbrella and created a great sensation throughout the European capitals.

Our Pace is Fast.

At the Franklin Inn a Philadelphia literary club, an essayist said of Mark Twain:

"His old age impressed me with its sadness. Visiting him last year, we drove together through the beautiful, rolling New England country. I happened to remark that the horses ran uphill and walked down. To this with a sad smile, he replied:

"Ah, they remind me of my own life. When I was young, and had hills and obstacles to climb, I ran. Now that I'm old and tired, and there are no hills or obstacles, I walk slowly."

Serious.

"Bother it! I can't remember whether the doctor said I was to drink less wine and still less beer, or less beer and still less wine."—Fliegende Blaetter.

NOVEL MASSAGE CREAM.

Perfect Skin Food That Removes Wrinkles and Clears Complexion.

The most delicate skin will quickly respond to the soothing and tonic effects of Hokara, and when this pure skin food is used, pimples are soon a thing of the past.

As a massage cream or after shaving it is unequaled removing all irritations, and making the skin soft and velvety.

Apply a little to the hands or face after washing and surprise yourself with the dead skin that comes off.

Hokara is the only massage cream that is an antiseptic, and pimples, eczema, and all skin blemishes soon disappear when it is used.

Although far superior to the ordinary massage creams and sold on a guarantee of "best you ever used or money back," yet the price is a trifle, only 25c for a liberal jar; larger size 50c.

Sold on guarantee by Floding's Pharmacy.

If the blood is impure, use Hokara Blood Tablets. They cool and cleanse the blood and regulate the bowels in a natural way.

Will See Degrees Conferred.

A delegation of Salem Knights of Pythias, numbering possible 20 or 25, will go to Canton Saturday evening, leaving here on the 5:15 Stark Electric car, to witness the conferring of the third degree by the famous Dayton degree team. Large numbers from Lisbon, Sebring and Alliance, also are planning to attend.

The meeting will be held in the Canton auditorium, where the Iola degree team, numbering 111 members, will confer the third degree and where a banquet will later be served. The Dayton team is reckoned as the best degree team in the country, and the local knights consider it a rare treat to see the exemplification of the work by it.

THE GOLDEN EAGLE

MOVE WORLD WIDE FOR CHURCH UNITY.

Cambridge, Mass., May 19. — A world-wide conference of representatives of every Christian creed for the purpose of negotiating church unity is proposed by Rev. Dr. W. T. Manning, rector of Old Trinity, New York, who is here for the Founders' day celebration at the Episcopal Theological school. The proposed conference is planned to include every religious communion, Protestant and Catholic.

Bull Fghting Must Cease.

Juarez, Mex., May 20.—Gambling and bull fighting are to be abolished in Mexico by the Maderistas when they get into power, too, according to Abraham Gonzales, who is slated to be provisional governor of Chihuahua. He said:

"As is our president, so am I against gambling and bull fighting. All gambling concessions made after November 20, the date of the resolution's beginning, will be cancelled. All concessions made before that time will be honored by us, but at their expiration no more will be granted. We are now investigating the keno and poker rights in Juarez."

As Madero is against gambling in every form, the national lottery and all gambling rights eventually may be nullified.

Road Will Become a Boulevard.

Alliance, May 20.—The Alliance-Sebring road, better known as the Patterson street road, will soon be opened for travel as a paved thoroughfare. Within one week it is expected to open the paved portion for travel from Alliance to near the Johnson road, and the laying of block to proceed from the Johnson road to Sebring. This is a proud monument of the work of Mahoning county, Smith township, and property owners along the roadway—a stretch of four and one half miles paved a width of 14 feet. This road will become a boulevard for the public to link Alliance and Sebring, and will be much used by the public.

Lightning Burns Barn.

Wellsville, May 20.—The barn on the farm of Benton Mills, midway between Hollow Rock and Hammondsville, was struck by lightning yesterday afternoon, during a heavy rain storm, and entirely destroyed by the blaze which started immediately thereafter.

Two horses, one valued at $300, perished in the flames.

The fire also consumed farming implements, a two-seated buggy, milk wagon, single buggy, a new lime spreader, hay and grain.

The loss is estimated at $1,500, and Mr. Mills carried but $300 insurance.

Mrs. G. H. Whitney, of Birmingham, Mich., arrived Friday evening to sepnd several weeks with her sisters, Mrs. W. M. Hole, of Garfield avenue and Mrs. E. T. Cope, of Sixth street.
